

White Blend 2019

An exciting new wine in the Craigow portfolio to enjoy now and over the next couple of years.

Three of the world's most noble white grape varieties - Riesling, Chardonnay and Gewürztraminer - combine beautifully in this modern combo that's ideal for summer enjoyment.

The exotic and aromatic Gewürztraminer, although the minor partner in terms of volume, is in the driver's seat aroma and flavour wise, exuding rose petals, spice rack and fresh ginger. The other two varieties contribute structure, volume and complexity.

A very flexible wine for food matching: seafood, vegetarian and a range of Asian cuisines including dumplings.
